Dr. McKenzie

2016 Top Doctor

Congratulations Dr. Geary!

We would like to congratulate
Dr. Geary for being recognized by
her peers for PHOENIX magazine's
2016 Top Doctor in Dermatology.

In great hands with Yuliya Schoenling, PA-C

Yuliya Schoenling, PA-C grew up in Sevastopol, Ukraine and attended Sevastopol State University where she earned her Bachelor degree in Business Healthcare Administration.

After moving to Arizona, she worked at Scottsdale Healthcare hospital in the Cancer unit and went on to pursue her medical degree at Midwestern University in Glendale, Arizona. She graduated at the top of her class earning a Master of Medical Science degree and completed her Physician Assistant training in 2008.

Yuliya has been practicing general dermatology in the Valley for 8 years and has been with East Valley Dermatology Center since 2011. She is trained in general, surgical, pediatric and cosmetic dermatology. She is a founding/board member of the Arizona Dermatology Physician Assistants Society (ADPAS), as well as an active member of the Society of Dermatology Physician Assistants (SDPA) and the Phoenix Dermatology Society (PDS).

Yuliya believes in a lifelong commitment of building patient relationships through prevention, early detection and patient satisfaction. In her free time, she enjoys spending time with her husband, son and two daughters.

Call today to schedule your skin exam appointment with Yuliya Schoenling PA-C!

Protect Your Skin

Sunscreen is only one way to protect your skin from harmful rays. Visit the following companies to learn more about your sun clothing options.

Brands Available:

Obagi
PCA Skin
Elta MD

Struggling with Acne? We can help!

Acne is the most common skin condition in the United States, affecting up to 50 million Americans annually. It often causes significant physical problems such as permanent scarring along with psychological issues like poor self-image, depression and anxiety. The good news is, your Dermatologist can help and early treatment is best.

Acne usually begins in puberty and affects many adolescents, but it can occur at any stage of life. The chronic inflammatory skin condition can be characterized by blackheads, whiteheads, pimples, cysts or nodules that can appear on the face, neck, chest, back, shoulders and upper arms. Overactive oil glands can produce too much oil and combined with skin cells can plug pores. The bacteria begins to multiply which causes skin lesions. Many factors, including heredity, hormones and stress, can bring on acne or intensify the condition.

Glytone
Colorescience
Blue Lizard
DerMend
Heliocare
Jane Iredale

Common Acne care:

- Gently wash affected areas once or twice a day with a mild, nondrying cleanser. Vigorous washing and scrubbing can irritate your skin and make acne worse.
- Avoid astringents, toners, and exfoliants which may dry your skin.
- Do not pop, squeeze or pick at acne. Doing so may cause scarring.
- Use non-comedogenic and oil-free cosmetics, toiletries and sunscreens.

Many treatment options are available including oral antibiotics and topical therapies which can be prescribed by your Dermatologist specific to your condition.

You can schedule an appointment with any of our Nurse Practitioners or Physician Assistants that specialize in the diagnosis and treatment of Acne.

Call today to schedule an appointment
for an Acne evaluation!

New Products Available

East Valley Dermatology Center has added some great new products which are available for purchase.

St. Tropez Self Tan Mousse and Mitt (sold separately) - This lightweight, easy-to-apply mousse is a great way to obtain a healthy sun-kissed glow without the damage of the sun.

Obagi Nu-Derm Sun Shield Tint SPF 50 - This tinted broad-spectrum sunscreen protects against UVA and UVB wavelengths plus Infrared Defense. This hypoallergenic and fragrance free product is available in two tints: Warm and Cool.

Inquire today about all of our products!

Rx Corner

East Valley Dermatology Rx provides a convenient way for our patients to fill prescriptions before leaving the office.

- **Prescription benefits apply** ~ Satisfy your prescription deductibles and out-of-pocket

max by filling your prescriptions with us.

- **Competitive pricing** ~ Many patients have experienced lower prescription costs at East Valley Dermatology Rx than neighboring pharmacies. We can also forward to other pharmacies if we cannot satisfy your prescription needs.
- **Patient advocate** ~ Our technician can assist in obtaining prior-authorizations and apply rebate cards to your prescriptions without the wait or hassle of third-party communication delays.
- **Refill assistance** ~ We can refill your medications for pick-up or they can be mailed to you for your convenience.

Ask your Dermatologist today if your medication is available in-office!

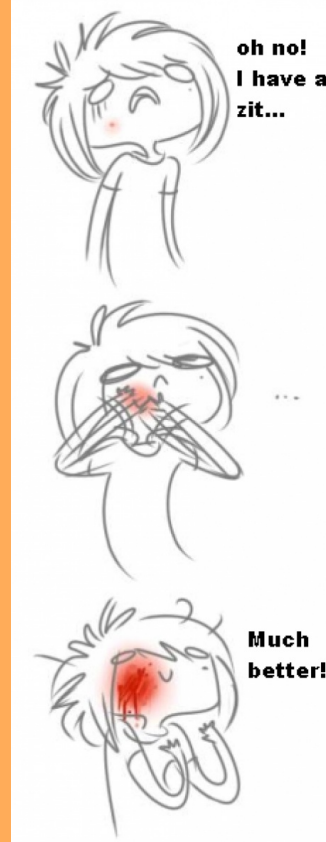

Spring Savings ~ Latisse®

Latisse® is a prescription solution treatment to help grow eyelashes longer, fuller, darker. Ask your Dermatologist if Latisse® is right for you and take advantage of the Spring savings.

\$20 Mail-In rebate is available until June 15, 2016*
when purchased at
East Valley Dermatology Rx

*available while rebate supplies last
